

2011 – Peanut & Tree Nuts

For purposes of this policy, “Peanuts” will mean peanuts and all tree nuts including products that use or contain nuts and peanuts or use peanut oils.

The St. John’s Academy (SJA) School board recognizes that peanut & tree nut allergies represent a health and safety hazard, which can have serious consequences for those who have such an allergy. To protect those students, staff, employees, visitors, and guests of St. John’s from an environment that may be harmful to them because of such an allergy, the Board hereby prohibits the use, serving, or selling of peanuts, peanut butter or any product containing peanuts or peanut oil by students, staff members, employees, visitors, or guests in the SJA building or on SJA grounds.

If a product was manufactured in a plant that processes peanuts or tree nuts, the product shall not be brought to school. This information will appear on the label.
