

OUR MISSION

St. John's Academy offers a holistic approach to education in which the Gospel of Jesus Christ is not only taught, but also lived. Staff and students, parents and parishioners, work together to foster the educational and spiritual development of children in an environment infused with Catholic Christian morals, values, and virtues. In a welcoming and caring atmosphere, this community is committed to academic excellence, cooperative and diverse learning experiences, and the development of good character. Students are provided opportunities to develop a life of prayer, responsibility, respect for all, and servant leadership reflective of the Gospel. St. John's Academy students prepare to meet daily challenges with Jesus' vision for a better world.
