## **PARISH SURVEY RESPONSE**

### **GROWTH IN UNDERSTANDING CHURCH TEACHINGS**

The survey indicated we as a parish need to do more to help our parishioners grow in confidence in the Church teachings. In light of this, we are hoping to free up evening time for Fr. Hess & Fr. Jacquemin to focus on this need, so our previous Wednesday evening Mass will now be a noon Mass. Now they will be able to attend and help with things like religious ed classes, RCIA, etc.

### **MORE PRIESTLY & RELIGIOUS VOCATIONS**

In all of our youth programs, we've made immense efforts to help our youth consider a variety of vocations including religious life & the priesthood by really asking what God wants for their life. Our priests have also made it a personal mission of theirs to make it a topic of conversation more.

### **ANNUAL PARISH CONTRIBUTIONS**

Of those who answered, 33% contribute less than \$500 annually and nearly 50% contribute less than \$1,000 annually to the parish. We have taken a hard look at our budget to cut any extra spending as much as possible. Our annual financial report will be shared with the parish in the fall; our goal is to be transparent with everyone about where your donations have gone. We hope to share a larger strategic plan with the parish in order to increase your confidence in contributing moving forward enabling our parish to drive the mission of the church, make disciples, feed the hungry and care for the poor.

# PARISH SURVEY RESULTS

This past spring, we took a survey as a parish called the Disciple Maker Index. This survey's purpose was to help provide insights into what was going well for the parish and where we had room for growth. These results will help us to strategically plan for the future of the parish. Thank you to all who participated! Here you'll find a few key indicators and the parish response.
