

Family Message Grades K to 4

Dear Families,

We hope that you are healthy and doing well during this unprecedented time! Please know that we are thinking of you and missing your child very much....more with each passing day!!

Thank you for your patience and flexibility in our transition to online learning! Please know that we know it is challenging for each family in unique ways.

Be sure to check out the link for resources from our Specialty Staff. These are being updated weekly with art, music, library and technology resources. You will find this on the webpage in the first paragraph for grades K – 4. Enjoy them and if you have an idea, please pass it along.

Please do not hesitate to reach out to us if you are having trouble accessing any of our assignments or videos. If we can help you in any way, please do not hesitate to contact us. Take care! We look forward to seeing you all!

Sincerely,

Your Notre Dame Principal, Faculty and Staff

Tips for At-Home Learning

- Learn when your child's best "focus time" is. Many children function best in the morning. We know that your job obligations may restrict the hours when you are available to help your child - but perhaps there are things that he/she can complete with minimal assistance from you during "focus time."
- Allow for frequent breaks. If your child seems frustrated or is getting antsy, set a timer for 5-10 minutes and allow them to choose another activity before returning to their work.

- Verbally tell and/or list out the assignments your child must complete in a day. A list where they can check things off can be very helpful.
- Allow your child to plan a fun activity to do after assignments are finished.
- Grant yourself grace! :) This is a difficult and unexpected situation, and we certainly understand that.
