

Announcements and Reminders for June 1-5

Welcome To Fun Week!

There are no assignments due this week. Woohoo! Instead, we hope that you participate in the fun activities that the Notre Dame staff have planned! Below you will find the schedule. Mrs. Hopper will send information about each event via Option C emails and also post the information on Facebook. You can also find our Choose Your Own Adventure activities from last week on the next page. Some families requested that we post them again so they can continue with the activities. Have a fun week! We hope to see you at our class Zooms! Look for information on that on Remind.

<p>Monday, June 1</p> 	<p>Virtual Field Day</p>
<p>Tuesday, June 2</p> 	<p>Virtual Art Show</p>
<p>Wednesday, June 3</p> 	<p>Animation Challenge and Graduations</p>

<p>Friday, June 5</p> 	<p>Special Announcements and Awards Ceremony</p>

Choose Your Own Adventure!

Religion	Math	Language Arts	Reading	Other
Pray the rosary. Click here to learn more about the rosary or go here to pray along with people all around the world!	Login to one of the math websites that you have used this year, such as First In Math, Happy Numbers, IXL, or XtraMath.	Use the high-frequency words from this week's story to write your own story! You can find the words on the story poster .	Read the decodable reader "What Are You?" from your practice book and highlight oi and oy words.	Choose a STEM challenge to complete! Try one from this link or research your own!
Create a special place at home for your special intentions: a journal, a poster, a jar...your choice! Pray for your intentions daily.	Math fact challenge! Use addition and subtraction flash cards and set a timer for 5 minutes. How many facts can you correctly answer in 5 minutes?	Spelling challenge! Have a parent quiz you on any of the spelling words we have learned this year! Can you still spell them correctly?	Login to Epic and read books of your choice to help your class gain some extra reading time! Remember, our challenge ends on Friday!	Choose one or two famous inventors to learn about from this week's social studies lesson!
Spread kindness like confetti! Talk about all of the things God created. Find ways to be kind to all of creation today!	Watch our surprise quest's word problem video . Then write your own word problem about your teacher and solve it! Use a strategy like act it out or draw it to solve the problem!	Learn about the oi and oy sound in this week's new spelling words! Watch the video and complete two spelling practice book pages of your choice (pages 558, 565, or 567).	This week's story is "Simple Machines". Read or listen to the story and then discuss the questions at the end of the story. Look for simple machines around your house!	Learn more about simple machines with this week's science lesson!
Complete chapter 26 in your religion book.	Count out 100 Legos or blocks. Build something fun!	Create your own comic strip or comic book! Be as creative as you'd like!	Read books of your choice for 20 minutes.	Create your own art or original song about anything that inspires you!
Choose a resource from the back of your book. Use the Project Disciple log , have a prayer service at home, review the features of the church or your prayers , or review parts of the mass .	Put math facts on Post-it notes and put them on a wall. Then get your Nerf gun ready! You must hit the fact and solve it correctly in order to take it down from the wall. *Your parents must approve of this one first!	Pronoun practice! Review pronouns by completing two practice book pages of your choice (pages 559, 566, or 568).	High-frequency word challenge! Use your high-frequency word flash cards from the whole year and set a timer for 5 minutes. How many words can you read correctly in 5 minutes?	Create a video or write a letter to your future self. Tell what your first grade year was like. How was it different from last year? What were your favorite parts of the year? What do you hope next year will be like?
