

LAST WEEK OF SCHOOL!!!!!!!!!!

It has been an absolute pleasure to work with you all during this online/ distance learning journey. We entered a new era of education almost instantly. We did that together. It showed how much time and appreciation it takes on both ends. It was so difficult for us not to see our students smiling faces everyday and still try to instill the new materials and important skills our students need to succeed.

But with ALL OF YOUR HELP, we succeeded. While nothing will replace the classroom, I am confident we still made great strides during this crazy time. We cannot thank you enough for your support, guidance, honesty and assistance! We love your children and although a proper goodbye isn't possible at this time, we are still very excited to see them all on Wednesday!
