

**Washington Catholic High School Code: 153695** It is important that this number be included on the test registration form for both the SAT and ACT test so that we receive scores to be put onto the student's transcript. Many colleges and universities want the score reported directly to them from the testing headquarters SAT (College Board) and ACT. The school codes for the colleges and universities that are to receive the score can be found on the registration web site. Up to four schools (not counting Washington Catholic) can be named to receive the scores at no charge. However, there is a charge AFTER the test to send scores.
