

Before the words of  
Consecration

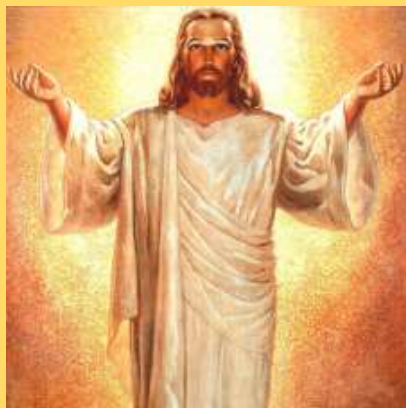

Species = How it  
appears/tastes

Transubstantiation: The change of substance with the words of Consecration

Substance = what it is

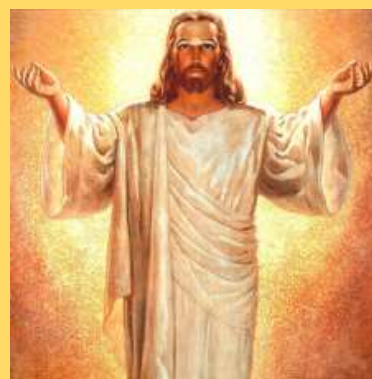

After the words of  
Consecration

By breaking the  
consecrated Host we  
do not break the  
Body of Jesus, which is  
whole and entire in  
every single piece.

When you break a  
consecrated  
Host, only the *Species*  
breaks.

In Persona Christ =  
In the Person of Christ
