

NEW SUMMER SCHEDULING CONTRACT INFORMATION!

New this summer Kids Club has tweaked our full time and part time scheduling options that we have used in previous summers. Now families can build their childcare schedule around their family's needs. You can choose 1-5 days per week for the whole summer. In order to have this opportunity for families, we are asking families to submit their completed summer schedule by Wednesday, May 15th. The summer schedule contract must be filled out for each participant in the summer program.

In having families provide their full summer schedule in May we are able to adequately plan for the staffing needs, make sure we are not paying extra for field trip and activities, while decreasing administration time with paperwork. All these help us be able to keep our weekly and daily rates as low as possible while providing a fun filled summer. In implementing this scheduling, summer rates on the summer schedule contract are slightly different from the registration form.

What if I need to make adjustments to the schedule?

As we have used in the past that once the calendar is turned in you are responsible for payment on all days you have registered for. If your child misses Kids Club on one of the days you have registered for you are still responsible for payment.

If you need to add a day please contact the Kids Club Coordinator to see if space is available. Payment would be due the day of drop in and the rate to drop in is the daily rate.

Please let me know if you have any questions.
