

MESSAGE TO SCHOOL PARENTS

Dear St. Michael catholic School Parents,

Our friends at the Catholic Schools Center of Excellence are once again inviting our amazing third- through eighth-grade students to enter projects in the Big Bang Catholic STEM Fair! Participation encourages STEM study and builds confidence.

This year, all submissions will be via online registration. Video submissions will be open from **February 1 to February 28, 2021.**

Consider assisting your child in competing in the Big Bang!

To enter, you will need to go to the Big Bang registration website.

www.catholicstem.org/bigbang

Fabulous prizes include a top prize of a trip to Arizona to the Vatican Observatory! All entries will be included in a drawing for a really cool science prize regardless if they make the finals. Be sure to check out the rubrics for judging and the tips for success when planning your science project.

If you have questions about the content of your science fair project contact your teacher or Mike Gerard from the C-STEM Library

michael.gerard@stthomas.edu or Sharon Wilson at sharonwilson@CSCOE-MN.org.
