

To access the Facebook page, go to <https://www.facebook.com/immaculateheart.crosslake>

If you don't have a Facebook account, as you scroll down the page, you will get a message asking if you want to see more of Immaculate Heart. There will be two boxes asking you to either log in or create a new account. Right below the green box asking you to create a new account, there is a blue message saying Not Now. Click that and you will be able to have access to the entire page.
