

St. Isidore Safety Guidelines for Opening of PSR 2020-21

St. Isidore the Farmer Parish will offer PSR instruction for the 2020-21 school year. These are some simple guidelines to make sure our areas of instruction are clean and safe for our children.

- Parents should not send their children to PSR if the child is showing signs of illness.
- Parents should not send their children to PSR if the child has been in contact with a family member or others who are ill.
- When arriving for PSR, students should go directly to their classrooms and not linger in hallways, stair or entry ways.
- Hand sanitizer will be used as children enter the classroom.
- Classes dismissal will be staggered to allow for less crowding in hallways.
- Parents will decide if their child should wear a mask during PSR.

You may contact Rosina Esker (217)246-5222 with any additional concerns or questions.
