B. A conversation began to discuss goals of the parish. There was a spirited discussion on the desire to maintain the identity of each parish while also continuing the momentum to have the parishes work closer together on more committee activities.

Fr Norbie spoke of opening a bridge for our people to be a part of our faith community

- Need to take account of the unique gifts and needs of elderly, younger families, and Hispanic community
- Suggested Food pantry request items specific for Hispanic and Hmong communities

It was strongly suggested we engage in a survey of the parishioners needs

It was suggested that we seek out youth representation on the council - 14-18 as well as families with younger children

Kevin Sander suggested our focus needs to be on serving our community, not attempting to change our culture.

A request was made for documents regarding past vision and strategies for pastoral council be provided to the council. The 2017-2018 document is attached.
