Updates (Directly From Bob): There is only one paper document that remains to be entered into the database, the Defunctorum Registrum (Death Registry). It is a list of funerals that were performed by the parish. The registry includes the name of the deceased, age, date of death, date of burial, cemetery and the Priest. Later records included the name of the next of kin who authorized the funeral. The registry in our possession goes back to 1975.

I have also been using internet-based genealogy websites such as Ancestry, Find-a-Grave, and Wisconsin Genealogy to add to or correct information in the database. I have received a significant amount of information from the families of occupants in the cemeteries as well.

Currently there are 1,515 known occupants and 2,183 graves, between the two cemeteries.

Birth dates sometimes are listed as "80 years, 2 months, 28 days".

Note from Bob: *Did you know that there are many inscriptions in our two cemeteries that are in German?*

Balance Sheet

- Cash decreased \$193,969 for the month of April. This was due to moving \$200,000 into the Cemetery Fund as required in our PROXY.
- Current Liabilities decreased \$4,110.

Income Statement

- Revenue for April was favorable to budget by \$9,219. This leaves us with a favorable variance Y-T-D of \$182,817. \$61,600 is from the PPP Loan.
- Expenses were over budget in Building and Grounds due to the \$8,000 down payment on the parking lot repair. Y-T-D expenses without the \$1,655,335 loss on the sale of St. Mary's property is favorable to the budget by \$30,634.
- Net Income Y-T-D without the Net Loss on the property is \$213,534 or \$213,451 favorable to budget. Remember \$61,600 is from the PPP loan.
