

## Suggested Music for the Catholic Wedding

Marriage is a sacred union between two people. The Catholic wedding is a sacrament and the music selected should be appropriate for the occasion. A little planning can make your wedding a more meaningful and joyous occasion for everyone.

Music should be suitable to the religious nature of the celebration. While many of today's popular love songs may have a special meaning to the couple, they are often not liturgically correct and are best played at the reception.

Below are musical suggestions appropriate for this sacred occasion. You will need to pick out pieces for: (1) the entrance of the parents and grandparents, if desired, (2) the processional for the bridal party, (3) the psalm (4) music for the presentation of gifts, (5) music for communion and (6) music for the recessional. Many of the pieces listed below can be used throughout the mass, while the trumpet voluntaries and marches are best for the processional and recessional. Those pieces are marked with asterisks. However, other songs, such as the "Canon in D" can also be used for the bridal procession. Your church's organist will be able to advise you as to what music is liturgically correct for a mass in church.
