

# Meet our After School Care Staff

Mrs. Cynthia Barfield is wearing two hats this year for SJB. In addition to being our K-8 art teacher, she is also working in our after school care program a couple days a week. She is the mom of two boys (2nd and 5<sup>th</sup> grade). She enjoys reading, spending time with family and friends, and growing in her faith. Of course, making art is one of her passions and she really enjoys helping students find their creative side. She and her husband, Dan, have lived in Newburgh for the last 10 years.

Rosa Ornelas joins us as one of our after school teachers. She enjoys being around children and helping them with homework and any other needs they may have. She graduated from Southridge High School in Huntingburg and is studying Spanish studies at USI where she is currently a junior. In her free time, Rosa likes to be with her friends, listen to music, and play sports. She is also part of the choir at USI.

Mary Walters is a great addition to our after school care staff and enjoys the energy of the children. She moved to Newburgh a couple years ago to be closer to her sisters after her husband of 47 years lost his battle with cancer. She worked in the cafeteria at North Knox High School for 37 years and enjoys staying busy in her retirement by volunteering at Mother Teresa's and the Newburgh Food Pantry. She has two daughters and also has a degree in interior design.

Amanda Tindle is back this year after taking some time off to focus on school last year. Originally from Lowell, IN, she is currently a senior at USI studying psychology. She enjoys crafting and hanging out with her friends in her free time. She enjoys building relationships with the students in after school care and getting to know them better. She is involved with her sorority at USI too.

Sierra Turi: Sierra works MWF

Natalie Neisen: Natalie works T/Th
