

St. John the Baptist Resource Program Guidelines

- **We are unable to fully meet the needs of students with Emotional Disabilities, Mild, Moderate, or Severe Disabilities.**
- **Students must be potty trained unless a medical condition prevents such a case. If this issue is present, the principal and Resource staff will discuss a toiletry plan with the guardians to ensure toileting is properly covered by guardians and/or family support.**
- **Speech Therapy is provided through Warrick County School Corporation. The WCSC speech therapists are solely responsible for goal setting, progress monitoring, and all other areas of the set speech plan. Therapy is provided three times a month in a small group setting.**
- **No direct Occupational, Physical, and Behavioral Therapy or related services are provided.**
- **Parent involvement is necessary in determining student curriculum. Parents must be available to meet for ongoing educational planning. Parents must be willing to sign consent and release forms allowing school to communicate with outside professionals.**
