

## WITNESS TO LOVE

Our new marriage preparation program is called Witness to Love. It pairs engaged couples with married couples before and after the "Big Day." See some of our couples below and learn what they have to say.

*We loved everything about the Witness to Love program. We love our mentor couple and always enjoy hanging out with them.*

**Witness to Love creates a stronger and greater sense of community within the parish.**

Haiker Family & Freemans

*Sharing our 33-year love affair with our engaged couple was refreshing and powerful — surprisingly for both couples. We opened our hearts and minds to be more giving and understanding and I think this caused our couple to do the same.*  
—Katherine & Jim (mentor couple)

Joseph, Karissa, Danielle and Patrick

One of the best things about Witness to Love is that we saw how our mentor couple places God and their faith at the center of their marriage. We talked about ways we could choose this same path.  
—Alex and Tyler (engaged couple)

**Our favorite part was that we connected with our mentor couple and became friends. They encouraged us, calmed our nerves about the process ahead, and gave simple yet profound advice based on their experience.** —Carol & Scott (engaged couple)

We really enjoyed the Witness to Love program and would highly recommend it. We were apprehensive about what it would entail, but it was well organized and fostered good discussions. Our mentor couple shared the joys and challenges of marriage and helped us see subjects we still had to work through. Overall it brought us closer to each other and God
