

Haiti – House #103 Fritzner Cupidon

Fritzner Cupidon's (Ti Nene is his nickname) current house (where he lives with his sister Bertha and few other people is shown in the before picture) was literally reduced to rubble in the aftermath of Hurricane Matthew. Fritzner (Ti Nene) is a mason who works with the HMI construction team. This gift of a new house will bring not only a safe and secure home for his large family but will restore dignity to these people who have been existing in an incredibly terrible plight. Thanks to all who made this possible.
