

Haiti – House #104 Nadia Antoine

Nadia Antoine (Michel Ange is her nickname) is a 42 years old courageous single mother of 4 girls that works very hard to support and care for her family. As so many women in Haiti, she is a farmer/gardener who operates a micro-finance business with her produce that she is able to grow. Hurricane Matthew (October 2016) further decimated the already pitiful place where she and her children were living. Thanks to all who partnered with HMI to make this miracle a reality and give her a decent place to live and raise her children.
