

House # 11 - Louis Frankel Merizier House

Both Mr and Mrs Merizier were very hard working individuals with several children but were living in deplorable squalor prior to receiving this wonderful home sponsored by Susan and Andre' Brunet of Houma, Louisiana. Mr. Merizier is a teacher at one of the schools in the St. Bridget school system there in the villages and his wife works at Bec's Bakery and Restaurant. Mr. Merizier has always been very helpful to our mission teams by helping us identify and locate some of the most needy of the area. they continue to pray for the Brunets and all of the HMI family and express their heartfelt thanks for the blessing of a new home which will keep them and their family out of the weather and off of the dirt floor that used to be their dwelling.
