

## Haiti - House #117 Yves Dorismond

**Yves Dorismond is 61 and his wife Rita 59 in December 2017. Yves has been a teacher at our grammar school in Numero Deux since its inception in 1996. He also does farming along with his wife Rita. Yves and Rita along with the mother-in-law and their thirteen children have been living in this pitiful situation since the first Haiti Mission team visited the area. Recently they have lost one of their daughters who suffered from heart problem. Yves has always asked that somehow we could help him and his family get out of these circumstances. Our response has always been “Pray”. As of the December Christmas of 2017, the prayer of this family has been answered.**
