

Haiti - House #126 Mrs. Ulrick Pierre

Mrs Ulrick Pierre 61 is a widow. She lost her husband about 10 years ago. After her husband passed away, her financial situation drastically deteriorated. She is a very hard worker and lives on the proceeds of a little farming she does. Like her late husband, she is very generous toward the church. When her husband was alive, they gave a piece of property to help the parish financially. She has one daughter and two grand children with whom she lives now. As one can see from the "Before" picture, the circumstances were very difficult. The home selection committee decided to offer her a better living situation. Thanks to all who made this miracle possible.
