

Haiti - House #127 Julie Pierre & Eres Lamy

Julie Pierre and Eres Lamy are a hard working couple who have eight children. Because of the circumstances in which they find themselves, they have had to send four of their children to live with other friends and relatives. They are a faith-filled couple that have always prayed that one day they could live in a better situation that would allow their family to be re-united. They will be forever grateful for the generosity of those HMI donors who made this dream a reality.
