

## Haiti – House #140 Tony Michel Family

**Tony Michel (65) and Marie Carmel Thémistocle (62) have seven children living with them in the place seen in the “before” picture. Tony and his wife both do sewing to supplement what they can make farming the land where they live. Tony is a very prayerful man that helps his neighbor, Mr. Toumy Renel, come to church on Sundays. (House #139) His difficult living situation was made much worse with Hurricane Matthew in October 2016. He has been hoping and praying that his family could one day receive a house from HMI. In November 2018 it happened. They send special thanks to all who made this possible and ask God to continue to bless all those who collaborate in the tremendous project of building these homes.**
