

## Haiti - House #141 - The Despeine Family

**The Despeines have 7 children. They live mostly on farming. However, Dieussen works as a moto taxi driver to help take care of his family. Magana is a faithful member of the Church community and a participant in the parish group of prayer called: "Fanmy Bondye". As you can see by the before picture, their life and that of their children has been very difficult. This blessing that they received at Christmas 2018 will give them a new and hopeful life. They send their prayers and deepest gratitude to all who helped to make this possible.**
