

Haiti - House #147 Dieufaite Felissaint Family

Mr Dieufaite Felissaint and Elvige Bijoux are married with six children. Elvige comes to church regularly to pray and ask God for help in their situation. They are both hard working farmers though Elvige doesn't enjoy strong health. As almost everyone in the region, hurricane Matthew in October 2016 had destroyed completely the place they used to call home. Since then, they are living with their children under what you see in the before photo. HMI and their dear donors have at last come to change their situation and hopefully their fate.
