

## Haiti - House #151 The Nadege Lapaix

**Nadège Lapaix and Jean Renan Jeudy are a young couple with three children. They Love to farm and take great pride in their beautiful gardens. They also are seasonal workers at a special fishing factory. They are catholics and come regularly to mass, having had a renewal in their faith lives over the last two years. They are also very committed to the education of their children. The April 2019 Fakier Mission team brought joy to this family when they announced that in May 2019 the Nadege family would finally be out of the dilapidate shack that you can see in the "Before" picture and in which they had been existing and would now have a beautiful, safe and secure home in which to raise their children. They send their thanks and love to all who have made this miracle come true in their lives.**
