

Haiti - House #155 Mdme Luciane Louis

Luciane Louis is a widow in her eighties and mother of seven children. She lives with three of them and a grandchild in the place you see in the "Before" picture. Because of diabetes, she became blind many years ago. She is a very spirit filled and devout catholic but cannot come to church because of her blindness and has no way of transportation. She is always happy to welcome family members, friends or visitors to her so called "house" that she lived in until June 2019 when the miracle of a new home happened. Where she lived, no matter how poor, was always neat. The selection committee decided that a more decent place would improve her life and health and consequently a good thing for HMI to consider. Thanks to all who made this dream a reality. Be assured of the prayers of this saintly woman of God for you and your loved ones.
