

Haiti - House #175 The Sejour Family

Rociana Laguerre and Sejour Dominique are shown here with two of their sons and a great grandchild. Sejour is challenged with a serious alcohol problem which negatively impacts the family life. Rociana is almost always alone to assume the family burden and responsibility. She has raised their six children basically by herself and helps to also raise some of her six grandchildren in the shanty you see in the “before” picture. She does farming and goes to public markets around to sell her garden products. She regularly walks from the bridge in Ravine Sable to the parish church (about five miles) to attend Sunday mass, praying for some help in her life. Through the grace of God and the response of the HMI benefactors, her prayer has been heard. She and her family will begin this new year and this new decade in a lovely, decent place. She sends her grateful and heartfelt thanks to all who helped bring about this miracle in the life of her family.
