

Haiti - House #179 Yves and Ruth Hyppolite

Yves and Ruth Hyppolite are 70 y/o grandparents who had thirteen children, 3 of whom have passed away. They live with six of their children and 3 grandchildren in the place you see in the “before” picture. Yves is a farmer and his wife Ruth is quite a micro business woman, buying and selling whatever she can find such as groceries, vegetables, dry goods, small containers of kerosene and selling them at a little profit to help sustain the family. They are catholic, attending Mass as regularly as possible. They have been praying for many years that Almighty God could help them somehow to move into a decent home with more space and security. Thanks to the wonderful HMI donors, what was only a dream and a hopeful prayer has now in March 2020 come true. They send their prayerful appreciation for all who have helped make this happen.
