

Haiti -House #182 The Luc Family

Yolette Luc is a 48 year old widow, mother of three (2 boys and one girl) who lost her husband during the earthquake of January 12, 2010. She finally got a little job as housekeeper in Jeremie in March 2020 but unfortunately, with the arrival of the Covid 19 pandemic in Haiti, she lost the job. Despite all, she keeps showing her large smile when approached. She is catholic and comes regularly to church, praying constantly that somehow the precious and gracious God that she worships could somehow help the situation in which she found herself and her family. God answered her prayer in a special and tender way during the month of April, the birthday month of our dear Rebecca Claire, with something beyond her wildest dreams. A beautiful new home where she and her family can be safe, dry and much healthier. She assures all those responsible for this miracle her continuous prayers of gratitude and thanksgiving.
