

Haiti - House #196 The Despeines Family

The 3rd house of August 2020 is built for Mrs Venise Despeines (63) and her daughter, Venia Frederic (27), spouse of Bidgyo Jeudy in the Mercedes/Therese HMI s/d. Mrs Venise has been in very poor health. She is a longtime member of our parish community but because of her health has been unable to worship with the church family. Though HMI has for a long time wanted to help her move to a more decent place to live, the big obstacle was the fact she did not have a piece of property of her own. Now she lives with her daughter Venia and son in law Bidgyo Jeudy who have purchased a piece of land where they have built the little place you see in the “before” picture to live with their 2 children and Mrs. Venise. The HMI selection team is so happy to now be able to build the family a new house where they can all live more safely, securely, and happily together. The Despeines family sends their thankful prayers to all who helped in anyway.
