

House # 28 - Bazard House

Adele and Jean Amour Bazard are a hard working family of five. Their main activity is farming. They have been so generous to give up parts of their land to allow HMI to widen the road of the "Haiti Mission Subdivision" where we intend on building at least six homes. Adele comes regularly to church and was always praying for a decent and better place in which to live with her family. God has heard her prayer. Intended Consequence - The intent of HMI has always been to improve the lives of the people that we serve. The housing initiative embodies that concept in a powerful way. Not only does one family receive help but the numerous families of the workers benefit from the jobs being created. Pictured here are the Bazard family along with the work crew that built the house. Especially blessed were HMI Board member Hilton Michel and his wife Mabel who were able to be there to witness the completion of this project and dedicate the home.
