

Merizier House

Mrs. Merizier is a lovely lady who attended Mass regularly and was a member of the “Fami Bon Dye” which is a women’s group that assists with caring for the church’s physical and spiritual needs. Although we would see her at church, for many years we never knew where she lived. One day, as we were trying to determine where was the greatest need for a new house, we were advised that Mrs. Merizier was in a pitiful situation. We went to visit her after dark that evening and we found her in this horrific structure huddled with six of her grandchildren, two of which had been recently orphaned because of the death of their mother. Mrs. Merizier has never ceased praising God and thanking us for her new home. Special thanks to Pete and Charlene Cavalier for making this project possible.
