

House # 30 - Withly

Withly is a very polite, pleasant, gentlemanly individual who has served as one of the HMI interpreters since we have been working in Numero Deux. His mom is a skilled seamstress and embroiderer. Together Withly and his mom work their skills hoping to eventually get Withly and his brother through college. A lofty goal for a single mom of a Haitian family. They have struggled over the years to patch their leaky, crumbling house but have been losing ground rapidly. HMI is happy to build a new home for this hard working, gentle family that has always brought joy and cordial hospitality to all the HMI mission groups.
