

House # 34 – Tony Antoine

Tony Antoine is one of the neighbor families living just a short distance from Fr. Joe's compound in Numero Deux. He lost his wife a few years ago and is raising three young children. He is a very faith-filled individual who is always at Sunday Mass. Mr. Tony has a great sense of hospitality and service, though as you can see from the "before" photos, the place where he lived was in really bad shape. Nevertheless, he was always ready to welcome anyone who needed a shelter. Small wonder then that his house was generally full of people. He also makes himself available to help around the church, compound or community whenever asked. He is so appreciative and thankful that HMI was able to build his family a new home. Now he can truly offer people a safe haven and exercise his ministry of hospitality with pride and dignity.
