

Haiti House #398 Linda Dasny

Linda Dasny and her husband, Yvon Deli, work very hard to care for their family. They are raising two of their own children and two nieces and so although Linda works selling food products in her stand and Yvon is a teacher, they still have not been able to move from the pitiful shack you see in the photo. They praise God in thanksgiving for the gift of this new and decent home. They send their thanks to HMI and the donors who have made their beautiful home possible.
