

House # 43 – Suzette Luc

Mrs Suzette Luc has been living in this pitiful situation since she returned to Jeremie from Port-au-prince with her surviving children after the earthquake where she lost one of them. She also has had to care for a sister who has mental problems since the terrible event, verging on the suicidal. She lives now at "Nan Sannite" which is a village between Numero Deux and Jeremie. At the time that HMI built her a new house, she had just fallen inside her little hut and broke her arm. She regularly attends Sunday Mass where she prays and trusts that Almighty God will bless her and help her. She is forever grateful to the donors who helped make this "miracle" possible.
