

House # 46 – Franck Michel

Mr Franck and Leonie Michel have been faithful members of the Catholic Church of Our Lady of the Assumption in Numero Deux. Mr. Franck has been sick for years now and not able to come to Mass. The last few times he tried to get there, because of the distance from his home across the airstrip in Lot bo terren to the church, even though his heart wanted to, his knees would not carry him causing him to fall and have to be carried back to his hut. When he was younger and in good health, he was very supportive of the church. He would always contribute to the parish with his time, talent and what little treasure he had. He takes it very hard to not be able to attend Mass due to his health condition. As one can readily see by the before picture, his house was in very bad shape. Because he lived in close proximity to the recipient of the other March 2015 house, Mrs. Suzette, the selection committee decided to build a house for the Michels with the hope that these vastly improved living conditions could help the health and well being of this couple that have struggled all of their lives to raise a family and help their church and community.
