

House # 47 – Lenese Layette

Mrs Lenese Layette and Jean Claude Cupidon live with their 4 children and a nephew in the very miserable place shown in the before pictures. Mrs. Lenese used to do the laundry for people until she became very sick. From time to time when she feels up to it, she helps her husband with the garden. She doesn't come regularly to Mass anymore but encourages her children to come and to sing in one of the parish's choirs. Her husband still comes to church from time to time. They send their deepest appreciation and sincere prayers and best wishes to all those who made this miracle possible.
