

House # 53 – Lamain Louis

Mrs Lamain is a widow and mother of three. She and three of her grandchildren have been living with her son Brunel and his wife. Brunel is one of our construction team workers. As you can see from the photo, the situation has been very difficult, verging on the impossible. Mrs. Lamain does some gardening and sells whatever she can grow to help the family situation. She is a very reserved and polite person. Though she is unable to come often to church since she is about a two hour walk to the parish church in Numero Deux, she however encourages her children and grandchildren to go every Sunday. This home will be a special miracle for this elderly God-fearing woman who has prayed that somehow God would help her family's situation. Thanks to all who have helped in any way.
