

House# 56 Virginia Louis Jean

Mrs Virginia Louis Jean is 75 years old with two children and lives now with one of them and four other grandchildren. She has not been in very good health at the time of the construction of her new home in August 2015. She survives by selling a few vegetables and produce from her garden. Her house which is located close to the airstrip in Numero Deux has been in deplorable shape for some time now. She has been praying relentlessly that God would one day answer her prayer to get a new and decent home. Because of your generosity, her prayer has been answered.
