

Home# 61 - Rony Agee

Mr. Rony Agee and his wife, Mrs. Flavie Vital have been living with their grandson in this place that you can see from the "Before" pictures is deplorable. They have a small garden from which Mrs. Flavie sells to the market whatever vegetables she can produce. They are both faith filled people that have been waiting for years to see "the day of their deliverance" from rain, wind and nightly visits of all kinds of animals and insects. Thanks to all who have helped in any way to bring about this incredible transformation in their lives.
