

House #65 – Adol Neptune

One of the first people we met when we first went to Haiti was Adol Neptune. He and his wife and family were very hard working and faithful parishioners of Our Lady of the Assumption parish in Numero Deux Haiti. He had a large family and spent every penny he made on making sure all his children got a good education. He is a very humble man who never asks for anything but always offers to help in any way he can. He and his wife are now getting up in age and Adol's health is deteriorating as is his house as you can see by the "before" pictures. A little special note is that Adol and some of his children are very tall and their old house was very short so they had to bend down to enter and to walk inside. Now they no longer have to bend each time they enter their house. It is with great joy that HMI replaces his house that was at the point of offering almost no protection from rain or the elements with a new, secure and healthy home. Thanks to all who have made this wonderful blessing possible for Adol and his family.
