

Haiti House #74 – Frantz Louis

Mrs Frantz Louis is pictured with her father who is 74 along with her daughter, her sister and nephews, all who call this home. They have been living in this tiny place which has crumbling walls and a leaky roof for many, many years. She is one of our school teachers and prepares the candidates for first communion and confirmation. She is always at church, evangelizing and sharing her faith. Her daughter Paola is an altar server. Their new home will be a blessing to this cramped family, giving the father a place to live out his life and a place that the children can be healthy, safe and dry.
