

Haiti – House #76 – Mrs. Solange Voltaire

Mrs Solange Voltaire is a 70 year old woman who does not own her own house. In reality, she is a homeless widow woman. She was living in Port-au-Prince at the time of the 2010 earthquake and came back to Jeremie where she had family. Since then she has been living with friends in a very difficult situation. She has been very sick as of late with a heart problem and is unable to work at all. She was able to acquire a piece of family property near some other families in the area for whom HMI has built homes. With the hopes of improving her health and giving her a decent and dignified place to live out her life, the selection committee has decided to make Mrs. Voltaire a recipient of a new house in June 2016. God Bless all who have helped in any way to make the miracle possible.
