

## **Haiti – House #77 Sima Charles**

**The place Mr Sima Charles used to call home has long since fallen down around him. A relative has given him a place to live for many years. As you can see by in the “before” pictures, this place is in a very bad shape. Soon everyone living here will be homeless also. The HMI selection team decided to build him a decent place to live. Mr Sima is a very good, faithful hard working man. He attends Sunday mass regularly and is a very faith-filled individual, very young of heart who loves participating with the youth group in the parish. May God bless all who played any part in showing God’s love and goodness to Mr. Sima and the family that will benefit from this act of grace.**
