

## **Haiti – House #81 – Franck and Solette Michel**

**Pictured are the Franck and Solette Michel family. Franck used to work at the Jeremie airstrip in Numero Deux carrying luggage for arriving and departing passengers travelling on the commercial Caribbean carriers, Caribintair and Tortugair. Now that they are both out of business, Mr Franck does only farming for a living. His wife Solette walks five days a week from the airport of Numero Deux to go work at the clinic of Gebeau (after the bridge of Jeremie) as a housekeeper which is about a six or seven mile walk both ways. They have five children. The HMI selection committee decided that August 2016 would be the start of a new chapter in their lives which would begin with a new home. God Bless all who helped in any way.**
