

Haiti – House #82 – Jean Louis

Mr Jean Louis is a widower who lives with two of his daughters and several grandchildren. One of his daughters works at the medical clinic across from Bec's Bakery and another one works at Numero Deux School. He is a hard working farmer and although he has tried to repair his home and make it more sightly with some paint, it has been crumbling down around him and his family. This new home will be a blessing to his family for many years to come.
